

UNIVERSITY OF MICHIGAN **SCHOOL OF PUBLIC HEALTH**

**WELCOME!**

**School Nurse Survival Techniques  
for Disaster Preparedness**

# Competencies

- Describe the school nurses role in emergency response to a range of CBRNE emergencies that might arise
- Identify the various components of a school preparedness and response plan
- Identify limits to own knowledge, skill and authority and identify key system resources for referring matters that exceed these limits

# Competencies (continued)

- Recognize unusual events in the school that might indicate an emergence and describe appropriate action.
- Apply creative problem solving and flexible thinking to unusual challenges within the school nurse's functional responsibilities.
